Regarding: Explanation of the loss in profit after tax
this period

Nam Dinh, April 28th, 2025

**To: - State Security Commission of Vietnam
-Hanoi Stock Exchange**

Pursuant to Circular No. 96/2020/TT-BTC dated November 16th, 2020, of the Ministry of Finance guiding the disclosure of information on the stock market.

Nam Dinh Textile Garment Joint Stock Corporation (Natexco) would like to explain the loss in profit after tax in the reporting period as follows:

1. Parent company financial statements:

- Profit after corporate income tax on the financial statements of the first quarter of 2025: -8.001 million VND.

2. Consolidated financial statements:

- Profit after corporate income tax on the financial statements of the first quarter of 2025: -8.222 million VND.

Main reasons:

In the first quarter of 2025, the production and business results still recorded a loss, but the loss significantly decreased compared to the same period last year. This improvement was due to more positive signals in the yarn market and enhancements in the garment sector in terms of both price and orders. Additionally, the Corporation implemented several solutions aligned with its resources and production conditions, adopted a flexible approach in product selection, and strengthened management practices, leading to improved business performance.

This is the explanation from Nam Dinh Textile Garment Joint Stock Corporation, respectfully submitted to State Security Commission of Vietnam and Hanoi Stock Exchange.

Sincerely!
